

Online Labs (OLabs) for School Environment by CBSE

Dear Principal,

Online Labs (OLabs) for School Environment is a virtual online e-Learning initiative jointly developed by CDAC, Mumbai and Amrita University, Kollam with funding support from the Department of Electronics and Information Technology, Government of India. It has been developed to supplement the traditional physical labs, so to enable the students to learn more effectively and easily.

OLabs content has been developed for classes IX and X in Physics, Biology, Chemistry, and Mathematics and is aligned with the CBSE syllabus for classes IX and X. It provides students experience of virtual experiments that will stimulate their interest and learning by giving them the virtual experience of doing real lab work, by graphically resembling with Laboratory equipment and simulating a virtual medium. CBSE, through its earlier Circular No. Acad-15/2013 dated 16.02.2013 and the latest Circular No.11/2016 dated 07/4/2016, has recommended OLabs to all the schools affiliated to the Board. The Department of Electronics and Information Technology is funding a project on 'Rollout of OLabs' wherein teachers of CBSE affiliated schools will be trained for using and managing OLab resources.

All schools affiliated to the Board are advised to depute your Science teachers of Std IX to XII to the O Lab Training programme which is scheduled by **CBSE COE Kochi** in association with the **Amrita University** ; as per the details given below:
